

## MODELOS DE RÁDIOS MW

DATA 13/11/18

| Frequência               | Modelo   | Imagens   |   |
|--------------------------|--|---|---|
| 6.8GHz                   | REMEC REC (Huawei, Cambium, AsGa, Motorola)        |    |    |
|                          | REMEC RER (Huawei, Cambium, AsGa, Motorola)        |    |    |
|                          | CERAGON IP10                                       |    |    |
|                          | CERAGON IP20S<br>CAMBIUM PTP 820S                  |    |    |
|                          | CERAGON IP20C<br>(OMT CERAGON)<br>CAMBIUM PTP 820C |    |    |
|                          | HUAWEI XMC   |   |   |
|                          | WNI  |  |   |
|                          | WI2BE - SMART E<br>SUPERSTAR                       |  |  |
|                          | ERICSSON - RAU2                                    |  |  |
|                          | YOUNCTA  |  |  |
|                          | SIAE   |  |  |
|                          | DIGITEL  |   |  |
| Conectorizado<br>N-Fêmea | NEC (alguns modelos), Wi2be Lumina, SAF            |   |   |

| Frequência               | Modelo   | Imagens  |   |
|--------------------------|--|--|---|
| 7.8GHz                   | REMEC REC (Huawei, Cambium, AsGa, Motorola)        |    |    |
|                          | REMEC RER (Huawei, Cambium, AsGa, Motorola)        |    |    |
